Community Involvement

Success Indicator:

Our District will use a collaborative community process to create a system to measure student wellness (e.g. a wellness index) aligned with the County of Sonoma Health Action goals and Cradle to Career goals for the year 2020 (some examples to consider: percent of students with health insurance; percent of District students with a usual source of health care; percent of qualifying District families receiving food aid; percent of students connected to support resources in the community; percent of students who demonstrate high self-esteem or other resiliency factors; percent of students overall and in significant subgroups who graduate; percent of students who complete university A-G requirements, who take and pass the Early Assessment Program assessments, and other measures of college- and career-readiness)

College and Career Readiness

Goal 3: Restructure curriculum, instruction and assessment to align with the 21st Century Teaching and Learning Model, including Common Core State Standards

Each school will participate in the Smarter Balanced Assessment pilot project and use the experience to align curriculum, instruction and assessment with the 21st Century Teaching and Learning Model
