

Board Policy 0205

Philosophy-Goals-Objectives and Comprehensive Plans

EQUALITY OF EDUCATIONAL OPPORTUNITY

In order to provide for comparable educational opportunities for all students in the District, it is the intent of the Board of Trustees that every effort be made to ensure equal treatment for all students. Equity in funding, services, instructional materials, and committee and teaching assignments will be of primary consideration in the operation of the District.

Nothing in this policy is to be construed to include the relocation or addition of major facilities, if the funding of which would be impractical and an unwise duplicative use of public funds.
